

SUPER COIN DEPOSIT CARD

Park Hyeonwoo, Wang Honghao, Hsieh Chengting, Zhang Jingwei, Hou Yumeng

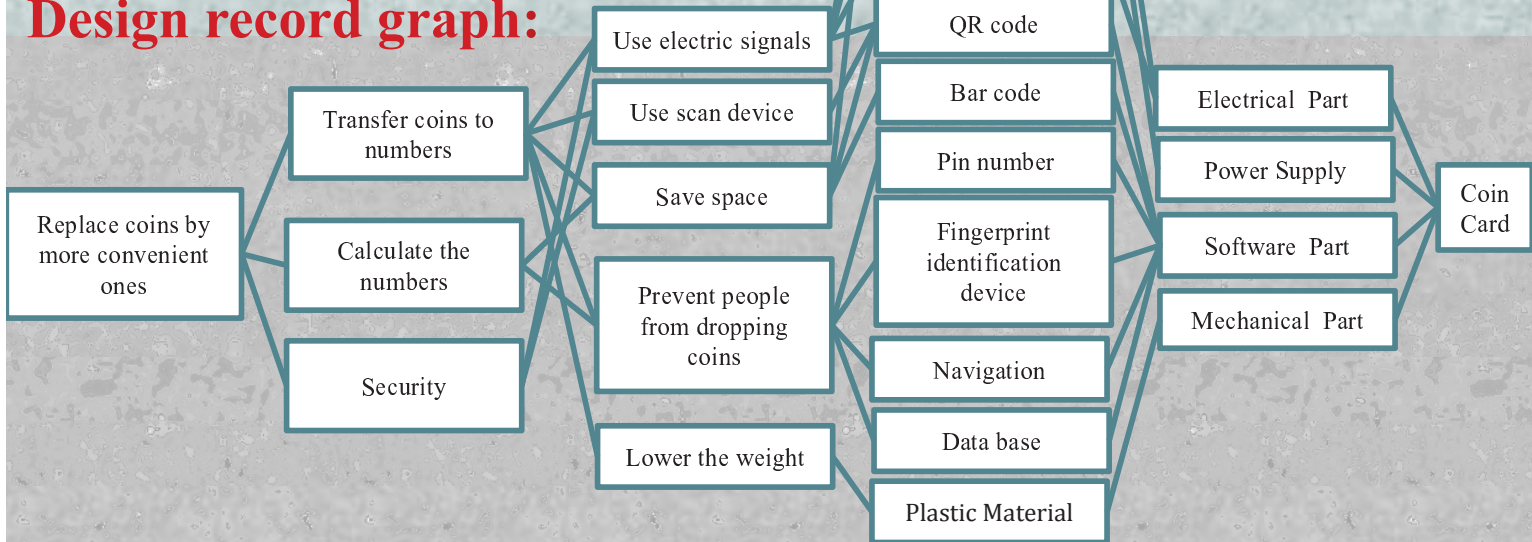

Motivation:

In our daily life, we encounter lots of troubles brought by coins. For example, when we go shopping, go to the restaurant, cafes or bars. After payment, we get lots of coins which are not easy to carry. So it is necessary to replace coins by our new design.

Design record graph:

Conclusion:

Our design is merely a conceptual design since there existing many technical problems required to be overcome. If these problems can be solved, our card can be put into markets to replace heavy coins.
